Dear Local Official:

**RE: Culvert Identification Number C910140 Replacement
Route 41 over an Unnamed Stream
Town of Sanford, Broome County**

The New York State Department of Transportation (NYSDOT) would like to notify you of an upcoming culvert replacement project in your community. Culvert Identification Number (CIN) C910140, which carries Route 41 over an unnamed stream in the town of Sanford requires repairs due to storm damage sustained in 2025. Replacement of the culvert is the most cost-effective repair solution. A project location map is enclosed for your reference.

Replacement of the culvert will require a full closure of Route 41 for approximately three weeks. During the closure there will be a signed detour route directing travelers to Route 17, Route 79 and Interstate 88 (I88). Variable message signs will inform travelers on Route 17 and I88 of the closure on Route 41 in the town of Sanford. A detour route map is enclosed for your reference.

Construction work is expected to begin in July of 2026 and be completed by the end of August of 2026. Weather may impact the timing of the scheduled closure. Variable message signs will inform travelers prior to the closure commencing and will remain in place until the road reopens to traffic. The [511NY.org](https://www.511ny.org) travel advisory site will also be updated with the latest information about the road closure.

If you have any questions please contact Kevin Gollogly, Engineer-in-Charge by telephone at (607) 206-5767, or by email at Kevin.Gollogly@dot.ny.gov.

Please feel free to share this letter with your constituents, neighbors, or anyone else that may have interest in this information.

Sincerely,

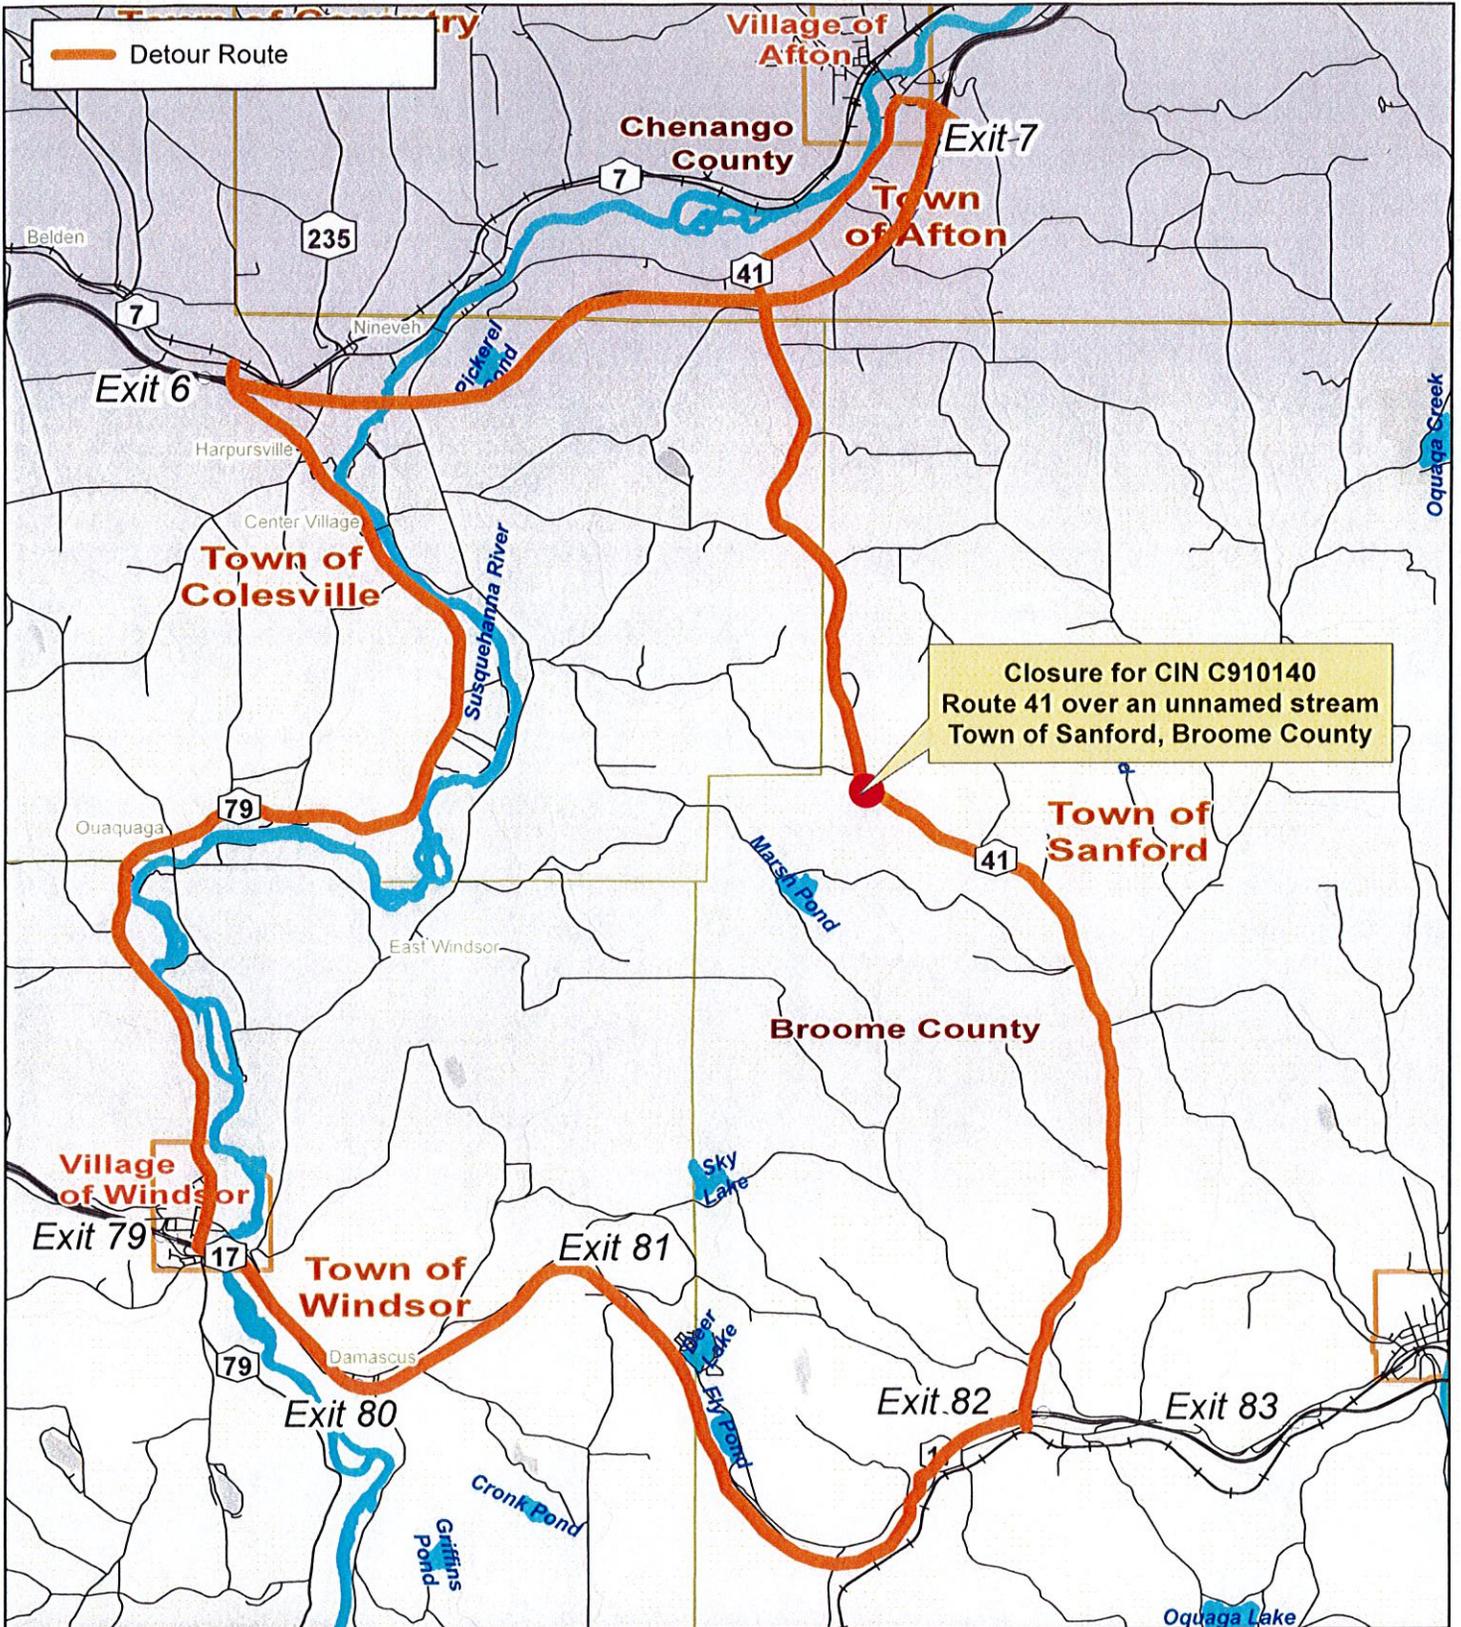

A handwritten signature in blue ink that reads "Kathryn Mangan". The signature is written in a cursive style.

Kathryn Mangan
