Code Department Report, April 2026

Seeing an increase in activity this month. As the summer season nears, the lake communities are seeing an increase in remodeling and renovation projects. 10 Permits issued for the month are;

- 1) 1 garage conversions
- 2) 1 driveway permit
- 3) 1 premanufactured shed
- 4) 3 roof mount solar arrays
- 5) 1 deck addition
- 6) 1 single family residence
- 7) 1 Garage addition
- 8) 1 premanufactured garage

The office has issued 5 property maintenance violations with some success or compliance. As parcels change ownership, we are seeing new property owners cleaning up. Several owners took advantage of the town clean day. Most difficulty that I have is properties that have had violations dating back 20- 30 years.

Housing starts are picking up and I've been busy performing the required inspections.

I've given assistance to several proposed projects that are in the planning phases.
