RE: Negative Declaration and Notice of Complete Application
DEC ID#: 7-0350-00049; MLR #: 70802
Application to Modify MLR Permit, Masciarelli – Trim Street Bluestone Mine
Town of Windsor, Broome County

Dear Supervisor Harting:

The New York State Department of Environmental Conservation is hereby notifying you of the complete application for the mining proposal referenced above. At this time, under Section 23-271.3 of the Mined Land Reclamation Law, the Department is required to provide the Town with a formal request for comments regarding the following.

The chief administrative officer may make a determination, and notify the Department and applicant, in regard to:

- (i) appropriate setbacks from property boundaries or public thoroughfare rights-of-way;
- (ii) manmade or natural barriers designed to restrict access if needed, and, if affirmative, the type, length, height, and location thereof;
- (iii) the control of dust;
- (iv) hours of operation; and
- (v) whether mining is prohibited at that location. Any determination made by a local government hereunder shall be accompanied by supporting documentation justifying the particular determinations on an individual basis. The chief administrative officer must provide any determinations, notices, and supporting documents within thirty days after receipt for either a major or a minor project.

Enclosed, please find the **Notice of Complete Application**, Negative Declaration and application package. The project is considered major under the Uniform Procedures Act (UPA). The proposal by Alfred Gorick Co., LLC, is to modify the existing Mined Land Reclamation permit for the Masciarelli – Trim Street Bluestone Mine to add 5.0 acres of land to the existing 16.7-acre life-of-

mine (LOM) area, for a total LOM area of 21.7 acres on a 32-acre parcel of land. Within the expansion area, topsoil and overburden will be removed utilizing heavy machinery and stockpiled for reclamation purposes, and the bluestone will be excavated via heavy machinery and blasting. There are no proposed changes to the extraction nor processing methods that currently occur within the permitted LOM area.

If the Department finds that the determinations made by the local government pursuant to the above listed items are reasonable and necessary, the Department shall incorporate these into the permit, if one is issued. If the Department does not agree that the determinations are justifiable, then the Department shall provide a written statement to the local government and the applicant, as to the reason or reasons why the whole or the part of any of the determination was not incorporated.

Comments must be submitted to my attention within 30 days of the date of this letter. If no response is received within 30 days, it will be assumed that you have no comments. If you have any questions, please contact this office at (315) 426-7444.

Permits(s) Applied for: 1 - Article 23 Title 27 Mined Land Reclamation

Project is located: in WINDSOR in BROOME COUNTY

Project Description:

The applicant is proposing to modify their existing Mined Land Reclamation permit for the Masciarelli - Trim Street Bluestone Mine to add 5.0 acres of land to the existing 16.7-acre life-of-mine (LOM) area, for a total LOM area of 21.7 acres on a 32-acre parcel of land. Within the expansion area, topsoil and overburden will be removed utilizing heavy machinery and stockpiled for reclamation purposes, and the bluestone will be excavated via heavy machinery and blasting. There are no proposed changes to the extraction nor processing methods that currently occur within the permitted LOM area. The proposed reclamation goal is also unchanged, though expanded, and the applicant proposes to reclaim the mined area as a revegetated upland area for private use or agriculture. The mine is located on Trim Street in the Town of Windsor, Broome County.

Availability of Application Documents:
