CONTRACTOR will perform the services described on the front of this CUSTOMER Work Order (the Work). No other services are included. The amount payable to the CONTRACTOR for the Work is based solely upon the value of the services performed and other terms and conditions herein and is unrelated to the value of the CUSTOMER's property and/or the property of others located in/on the premises. CONTRACTOR makes no guarantee or Warranty that equipment or services supplied by CONTRACTOR will detect or avert occurrences or the consequences there from that the equipment or services are designed to detect or avert. AS A MATERIAL INDUCEMENT FOR CONTRACTOR TO PROVIDE THE SERVICES AND/OR MATERIALS SPECIFIED HEREIN AT THE PRICE QUOTED IN THIS AGREEMENT, CUSTOMER AGREES THAT THE CONTRACTOR'S LIABILITY TO THE CUSTOMER AND ALL THIRD PARTIES ON CUSTOMER'S PROPERTY OR RELATED TO THE CUSTOMER WITH RESPECT TO ANY CLAIM, DEMAND OR CAUSE OF ACTION ARISING FROM OR RELATED TO THIS AGREEMENT, SHALL BE LIMITED TO THE LESSER OF \$1000.00 OR THE TOTAL CONSIDERATION ACTUALLY RECEIVED BY THE CONTRACTOR UNDER THIS AGREEMENT. THE FOREGOING LIMITATION OF LIABILITY SHALL APPLY TO ALL CLAIMS, DEMANDS AND CAUSES OF ACTION REGARDLESS OF THE NATURE OR BASIS THEREOF, INCLUDING CLAIMS, DEMANDS AND CAUSES OF ACTION FOR BREACH OF CONTRACT, BREACH OF WARRANTY OR IMPLIED WARRANTY, NEGLIGENCE, STATUTORY LIABILITY, OTHER TORT LIABILITY, AND INCLUDING ANY TYPE OR AMOUNT OF DAMAGES, INCLUDING DIRECT, INDIRECT, LOSS OF PROFITS, OR PUNITIVE DAMAGES. If the CUSTOMER desires the CONTRACTOR to accept an increased limit of liability for services and/or materials provided under this Agreement, CONTRACTOR can provide an alternate price quote reflecting such increased liability limitation, provided, however, such changes shall not be effective unless and until the CONTRACTOR and CUSTOMER execute a new and separate Agreement.

2. Equipment Disconnections. CUSTOMER is on notice that the system(s)/device(s) listed on the face of this CUSTOMER Work Order and Agreement will be temporarily or permanently disconnected and no longer in service and thus, cannot detect, perform and/or report occurrences or transmit signals. CUSTOMER understands this is a normal consequence of this type of Work and shall make no claim or demand with respect to the same.

5. Existing System Design & Installation. The Company does not know, has not analyzed, and does not represent whether the current fire protection system on the Property was originally designed and installed in such a way that the system will perform as originally intended or is suitable and sufficient for its intended purpose given the way in which the Property has been or will be used. In other words, the Property has been or may be used in ways such that the configuration of partition walls, the location of and types of materials (including the presence of hazardous materials) and other conditions of the Property's use are such that the materials (including the presence of hazardous materials) and other conditions of the Property's use are such that the fire protection system is inadequate, insufficient or unsuitable for the Property. CUSTOMER agrees that it has not retained CONTRACTOR to make these types of assessments unless specifically indicated on the Work Order.
