

September 1, 2026

Town of Windsor Board Members:

For the month of August: I worked up a sheet on how much Millennium Pipeline has saved over the last 15 yrs on the PILOT program. Getting to know more about the NEW 100% VA Disability Veterans exemption. There will also be a webinar about it in September. I was organizing my office for September, it's when people can come in and apply for the any exemption. My window to apply for any exemption is after September 1st but before March 1st.

I'm normally extremely busy the month of September. It's when school bills come out. Everyone thinks I'm the school tax collector and this is where they file a complaint to. Or they are wondering where their STAR checks are?

Thank you,
